Our Services

We are entrepreneurial and thus take risks, reach beyond boundaries and experiment. Integrity means we are consistently open, honest, ethical and genuine in all our dealings with our clients, customers and stakeholders

Risk Guarantees

In an unlikely scenario of any unforeseen occurrence or natural disaster affecting any refinery in South Africa in which case *force majeure* applies. The broad base of suppliers ensures that no customer will be adversely affected. By virtue of our source of Liquid fuels and Agreements with some of the oil majors. Holden Auto has limited risk with any out of stock situations. Our trucks are all fully insured for product, third party and public liability.

Product and Services Guarantees

We draw all our products requirements from local refineries or from a depot of these refineries. In all cases it can be inferred that these oil majors employ industry standard “best practises” and that the various products drawn from all and any conform to the relevant SANS Standard.

10 Reasons we are exceptional

Aside from personable and customised service, here are 10 good reasons to trust Holden Auto with your fuel requirements that set us apart from most other fuel traders...

- **Uninterrupted fuel supplies.** Real time remote fuel inventory management means we are proactive in ensuring you never run out based on agreed threshold holdings. With a host of alternative suppliers sourcing product is also rarely an issue.
- **Competitive Pricing,** based on constantly comparing multiple alternative suppliers
- **National Spread.** The efficiencies of sourcing as closely to our clients as possible translates into a better delivered cost.
- **Fuel on your doorstep.** We are able to install 6 000 - 46 000 litre mobile and / or underground or above ground storage tanks on your premises for easy access and exclusive use.
- **Full professional SHEQ & Legal services available.** We are able to consult on any aspect of your fuel storage, facility maintenance or usage that you may require. This relates to both environmental impact and legal compliance with current regulatory specifications.
- **Technical on tap.** We are able to offer expert product advice and recommendations
- **Laboratory Facilities.** We are able to provide you with laboratory facilities for the supply and dispensation of industrial lubricants and greases
- **Credit available.** We can offer 30 – 60 days credit terms (T & C's apply) Small Drop" advantage. We are able to accommodate smaller drops with optimising our milk-run route map planning, to reduce supply chain costs
- **Guaranteed Quality.** All products are SABS / SANAS certified and approved.
